The News.

Yesterday was an exciting day at Washington, inasmuch as it was the day agreed upon for the final disposition of the Lecompton question in the House of Representatives. The galleries were densely crowded all day, and the greatest anxiety was evinced *respecting* the fate of the Kansas bill. Mr. Crittenden's amendments to the bill were so modified as to remove the objections which several Republican members had to voting for them. A motion by Mr. Giddings to reject the bill was negatived by a large majority. Quite a number of speeches were made in favor of and against Lecompton, and the struggle was a desperate one on both sides. Eventually, the Senate bill, amended so as to *send back* the Lecompton Constitution, to be passed upon by the People of Kansas, was adopted by 120 yeas to 112 nays—a glorious triumph of the Right!

The three Collins steamers were sold at New York yesterday for $50,000. Dudley B. Field was the purchaser.

We devote considerable of our space this morning to the publication of the act recently passed by the Legislature amending our City Charter.

Our commercial reports this morning are very favorable. The New York produce market yesterday was quite active and prices still tending upwards. A decidedly better feeling was exhibited amongst dealers in our own market, and wheat advanced 2 to 3 cents. There was also more activity in freights.

The weather was quite mild, and our streets crowded and dusty.

Lecompton Dead!

We rejoice to say that the Lecompton Villainy was killed *dead*, in the House of Representatives yesterday, by *eight* majority. Every Member was in his place and voting; a circumstance almost unprecedented in our political annals and showing the deep and universal interest felt in the question. The substitute, proposed by Mr. MONTGOMERY, of Pennsylvania, (an Anti-Lecompton Democrat) to the Senate bill, which was adopted by the House, refers the question back to THE PEOPLE OF KANSAS. The Senate may, or may not, concur in this amendment; but in either event the Swindle is defeated and Kansas FREE! All Honor to the PEOPLE'S HOUSE for thus nobly standing by the PEOPLE'S RIGHTS!

THE MASS MEETING TO-NIGHT!

Every Tax-Payer and Elector of Milwaukee, in favor of RETRENCHMENT and REFORM in our Municipal affairs, and opposed to political tests in the selection of our City Officers, is earnestly invited to attend the Peoples' Mass Meeting at Albany Hall *to night.* COME ONE!! COME ALL!!!

FOURTH WARD CAUCUS.—The place appointed for the meeting of this caucus, at 7 o'clock this P. M., at Hood's old store, is changed to the Menomonee Hotel, at the same hour.

By order of
REPUBLICAN COMMITTEE.
E. SHAW, Chairman.

The Charter Amendments—The Election.

As matter of great and general interest to our city readers, we publish this morning the Amendments to the City Charter, in the shape in which they finally became a law. The more closely they are examined, the better, we are persuaded, they will be liked; and already many, who were at first prejudiced against them, have become satisfied that they are right in principle and, if faithfully adhered to, will prove excellent in practice.

But the TAX PAYERS of our city must not suppose that their work is finished with the adoption of these Amendments. They have yet another task before them of equal importance; and that is, to elect men to the various city and ward offices, who will administer the government according to the letter and spirit of the Amended Charter. It is manifest that the same office-seeking and tax-eating tribe, who so strenuously opposed the passage of these Amendments, are making desperate efforts to retain and perpetuate their power in the City Councils. The usual party slogan is raised and the party banner displayed, to aid them in the purposed onslaught upon the City Treasury, and the electors of our City are summoned, under pain of political excommunication, to vote for the "regular" candidates, no matter how unfit and untrustworthy they may be. There are men already in nomination, on the so-called Democratic ticket, who have been expelled in disgrace from the public councils. There are others, invoking the aid of party machinery this year, who last year themselves headed the "bolting" movement against party. And there are others still, who having no possible claims or qualifications for the posts which they covet, parade the "regular nomination," as an irresistible *open sesame* to public office.

Can the TAX-PAYERS of our City be so utterly blind to their true interests and to the welfare and prosperity of Milwaukee, as, in a crisis like the present, to heed these senseless and insidious party appeals? Are they willing to accept the *name* of "Democracy"—assumed by the whole office-seeking tribe—as an indisputable passport to offices of trust, honor, or emolument? Or will they not rather insist on something more than this and demand that the trustees who are to be charged with the management of their City affairs, shall be HONEST, CAPABLE AND FAITHFUL TO THE MUNICIPAL LAW? However good that Law—and the Amendments have improved it *vastly*—weak, corrupt, or incompetent men may turn it into an instrument of evil, rather than of good. It is therefore of the first consequence to all our citizens, that they shall so exercise their right of suffrage at the approaching Charter Election, as to ensure the choice of competent and trustworthy men, and wrest the power from the hands of those, who, during the past two, or three years, have so grossly abused their trust, and so grievously oppressed the Tax-Payers of our City. United counsels and efforts will accomplish this and that Union must be resolved upon and attained to-night!

A "REMINDER" FROM SENATOR DOUGLAS.—Henry J. Raymond, of the N. Y. *Times*, writing from Washington, speaking of Douglas, says that at an early stage of his defection—while he was having interviews with the President in the hope that they might come to some agreement—the latter remarked to him that it was very perilous for a public man to put himself in opposition to his party, and that he must take the liberty of reminding him of the fate of Rives and Tallmadge, who rebelled against the policy of Gen. Jackson. "Permit me, Mr. President," Mr. Douglas replied—"permit me to remind you that *General Jackson is dead.*"

Ex-Alderman Taylor.

MR. EDITOR:—Many anxious minds no doubt were relieved by the publication of a letter in your paper of yesterday, conveying the intelligence of the whereabouts of one JONATHAN TAYLOR, who at one time figured extensively as the Alderman of the Fourth Ward, and who has hanging over his head an indictment for fraud and peculations while acting in the capacity of one of our City Fathers. Yes, to the victims of *misplaced* confidence, the glorious news of his speedy return to the scenes of his long to be remembered operations, will be particularly gratifying. But why this letter at the present time? Was it got up by some interested friend of the absconding Alderman, to influence the election about to come off? Methinks it was. But when its author, *whoever he may be,* undertakes to assail and bring charges to the doors of such men as CICERO COMSTOCK and ROBERT WHITEHEAD, to cover over his own iniquitous acts, he will find his venomous shafts, impelled by a corrupt and polluted mind, recoil with ten-fold force upon his own head. I say, let him return; the sooner he does, the sooner will the ends of justice be meted out to him.

FOURTH WARDER.

March 31, 1858.

A NEW GYMNASIUM.—There is soon to be an elegant gymnasium opened in Young's new block, on the corner of Wisconsin and Main Sts., by Messrs. Haines & Lazarus. The *News,* in speaking of this new institution in our city, very truly remarks, that its utility must appear obvious, when we consider the large number of persons whose business prevents their taking but little if any active physical exercise, and we hope to see the young men take hold of the matter with an energy and spirit that will ensure its success. The proprietors are said to be unexcelled in the gymnastic art. Those wishing to share its benefits can do so by applying to Mr. Haines, at the City Lunch Saloon, on Market Square.

THE PRAYER MEETINGS AT THE ALBANY.—The "Business Men's Prayer Meetings" at the Albany are more largely attended every day. Yesterday, the large hall was nearly filled, and quite a number of ladies were present. Many of our most prominent business men, wholesale merchants, lawyers and clerks, many of whom have hitherto been looked upon as "fast young men," and one editor, at least, take an active interest in the movement. The number who pray extemporaneously at each meeting is very large, and the time allotted to each person for speaking or prayer, is necessarily short. Some as touching prayers as we ever heard, are daily uttered at these meetings, by those whose tongues have been given vastly more to profanity than prayer. Such changes are wonderful, indeed.

DEDICATION.—The Summerfield M. E. Church, corner of Van Buren and Biddle streets, will be dedicated to the worship of Almighty God next Sabbath, April 4th.

Dedication services 10½ o'clock, A. M. Sermon by the Rev. T. M. Eddy, Editor of the Northwestern Christian Advocate.

Afternoon services at 2½ o'clock. Sermon by the Rev. R. S. Foster, D. D., President of Northwestern University. At the close of the service the Sacrament of the Lord's Supper will be administered, to which all Evangelical Christians are cordially invited.

Evening services at 7½ o'clock. Sermon by the Rev. J. Baume.

EYE AND EAR INFIRMARY.—Dr. Meigs Case, lately of the New York Eye and Ear Infirmary, has established an institution of the same nature in our city. Dr. Case is a graduate of the New York Opthalmic Hospital, and he brings with him very favorable recommendations as to his skill in the treatment of diseases peculiar to the ear and eye. His office is in Hathaway's building on Mason street. We heartily welcome Dr Case to our city, and trust that he may meet with that success to which his professional skill entitles him.

WALDO'S BLOCK.—In speaking of this elegant new block which Mr. O. H. Waldo has recently put up on the corner of East Water and Chicago streets, several days since, we said that it had been erected by Mr. Ody. This was a great error, which we were led into by information from one engaged on the building. Mr. Ody is the partner of Mr. Waldo, in the law business, but has no more interest in the new building than ourself.

REPLY TO EX-ALDERMAN TAYLOR.—We have received a communication from Mr. ROBERT WHITEHEAD in reply to the letter of Ex-Alderman TAYLOR, published in the *Sentinel* of Wednesday, but the pressure upon our columns compels us to defer it till to-morrow.

CANDIDATES FOR THE HIGH SCHOOL.—There is to be an examination, at 9 o'clock *this* (Friday) morning, of applicants for admission into the High School. There are about twenty vacancies, and the reputation of this school, under the charge of MR. MCKINDLEY, stands so deservedly high, that no doubt the number of candidates will greatly exceed the number of vacancies.

POLICE COURT YESTERDAY.—Henry Wanderer, disorderly, not guilty. Michael Horrigan, disorderly, case adjourned to April 2d for examination.

MR. STAPLES' LECTURE.—Our notice of this lecture on Wednesday evening is crowded out by press of other matter. The lecture was well attended and much enjoyed.

PRIZE BEEF.—We saw, yesterday, four magnificent beeves from Illinois, purchased by Peter Magnus, whose Butchers' stall is at 327 East Water street. These cattle averaged about 1,700 lbs. per head. Epicures will find some choice cuts at Mr. Magnus' stall, this and next week.

HYATT HOUSE, JANESVILLE.—We understand that Gen. JOHN MCMANMAN has taken the lease, and is henceforth to be the landlord, of the Hyatt House at Janesville; one of the largest and finest Hotels in the North West. To those who know JOHN MCMANMAN—and there are few who do *not* know him—it is hardly necessary to say, that they may travel far and long, without finding so genial, pains taking and hospitable a host. Under his auspices, we have no doubt that the HYATT HOUSE will make troops of friends, and, as we hope, a mint of money.

DUST, DUST, DOWN WITH YOUR DUST—SPRINKLER COMING!—EDWARD HACKETT, an old settler, respectfully informs the public, on East Water Street, from the Walker House to Walker's Point Bridge, and on Michigan, Wisconsin and Huron streets, that he has purchased two sprinkling machines from W. W. Caswell, formerly Neiman's.

He intends to run the "*mashsheens*" forthwith. He indulges in the hope that the public will be prompt and liberal, and not permit him to lose in the undertaking. His expenses will be heavy; will have to keep two teams, two pumps and four men at work.

Mr. H. acknowledges subscriptions already received.

E. HACKETT.

Gas Regulators.

I would call the attention of those who have large gas bills to pay, to look at this valuable invention of W. S. Sterlings, a Patent Pneumatic Balance. It will save you in your bills from 25 to 40 per cent. It is one of the most perfect Regulators that has been patented. Should the pressure of gas be so great as to produce perceptible blowing from the burners by the passage of superfluous gas, by applying this balance the lights are at once brought to their most brilliant condition and made steady, which is a great desideratum of gas. This Regulator is now used in many stores of the city. Apply to S. D. Balwin, Office No. 2, Spring street, at Col. R. White's Carving Establishment, or address box No. 1,248.

LATEST NEWS!

BY MAGNETIC TELEGRAPH

Congressional.

WASHINGTON, April 1.

HOUSE.—The galeries of the House were densely crowded to-day, and great anxiety was evinced respecting the legislative movements on the Kansas bill; and befor the House was called to order, groups of people were engaged in conversation in various parts of the hall relative to the great question soon to be acted upon.

On motion of Mr. Maynard, of Tenn., a resolution was adopted instructing the Committee on the District of Columbia to inquire into the efficiency of the Police force of Washington, and to adopt such measures as were necessary to insure better protection of life and property.

Mr. Haskin, of N. Y., called attention to the fact that various persons were on the floor who were not entitled to its privileges. He saw one who was a scribbler for the N. Y. *Herald,* who had said that he (Haskins) had gone over to the black republicans, and was acting with Matteson and the lobby. He remarked that the correspondent's name was Shaw. Mr. Haskins then called on the door-keeper to show Mr. Shaw the door, and asked the attention of the Speaker to the 17th rule.

The Speaker said so far as the last part of the suggestion was concerned, it was unnecessary.

Mr. Haskins hoped the door-keeper would enforce the rule against all not entitled to the privileges of the floor.

Mr. Stephens, of Ga., said the hour of one o'clock had arrived. He moved that the House take up the Senate Kansas Bill. The Bill was read once. Mr. Giddings objected to a second reading under the rule. The question then recurred, shall the bill be rejected? Mr. Stephens demanded the yeas and nays, and the bill was not rejected—yeas, 95, nays 137. The bill was then read a second time.

Messrs. Niblacke, of Ind., Trippe, of Ga., Morris, of Ill., and Hatch, of N. Y., spoke in favor of the Lecompton Constition; and Messrs. Ward, of N. Y., and Groesbeck, of Ohio, against it.

Mr. Marshall, of Ill., looked upon those who framed the constitution as conspirators, and would not vote to sanction frauds and gross outrages upon the rights of the people of Kansas, and looked upon the attempts to ostracise and brand as traitors and rebels, those who will not bend the knee to power and lick the hand raised to whip them into submission, as indecent.—He (Marshal) had a high respect for the President, but he was no spaniel. Mr. Hughes, of Indiana—who has made an attempt to establish a test to read down every democratic party?

Mr. Marshall.—It is done not unconsciously by the present administration and by the organs of the administration, and it is known through out the country that the test of office depends upon whether a man's conscience and judgment sanctions this thing or not.

Mr. Lawrence—Does the gentleman know how soon after to-morrow he will be excluded from a Democratic caucus?

Mr. Marshall—That does not disturb me in any particular. A man is a good Democrat who votes a ticket without scathing, and takes the stump for the benefit of the party.

Mr. Hughes was understood to say he arrayed himself with higher standing than the member from Illinois.

Mr. Marshall—This is not the first time we have found flies buzzing around. (Laughter.)

Mr. Hughes—In very dirty places. (Laughter.)

Mr. Marshall—That is the very place to find the gentleman. (Renewed merriment.)

In the course of his remarks Mr. M. spoke of the Administration presses, here and elsewhere, as dirty puppies, squrting forth their filth, and saying they must be muzzled.

Mr. Hughes defended his political standing.—The gentleman from Illinois has made a rambling speech, extremely bitter in its character, and lower than the usual standard of Congressional debates. Mr. Hughes, after alluding to the dialogue with Mr. Marshall about flies, said that the black Republican party was the dirtiest substance of political chemistry ever produced. (Laughter.)

Mr. Stephens would not now discuss the bill, having heard that a substitute was to be submitted. He gave way to Mr. Montgomery, of Pa., who opposed the Crittenden substitute as amended by the anti-Lecompton Democratic Conference, proposing to admit Kansas into the Union, and refer the Lecompton Constitution to a vote of the people. In the event of its rejection by them, a Convention to be called to form a new Constitution. It also allows one member of the House of Representatives until the next Federal Census.

Mr. Montgomery said he had no remarks to make upon it. The substitute was its best interpreter. He has furnished copies to some members, and was ready to supply the press.

Mr. Quitman of Miss., introduced a substitute which is the same as the Senate bill, with the omission of the declaratory clauses that the people shall have the right at all times to alter or amend the Constitution in such manner as they think proper, &c.

Mr. Humphrey Marshall wished to amend the original Senate bill by striking out the same clause which was proposed to be omitted in Mr. Quitman's substitute.

Mr. Stephens refused to yield the floor for that purpose, and demanded the previous question.

Mr. Marshall wanted Mr. Stephen's refusal to be borne in mind, and entered on the record.

The question was taken on the adoption of Mr. Quitman's substitute, which was negatived —yeas 72, nays 160.

Mr. Montgomery's substitute was then passed —yeas 120, nays 112. The announcement of the result was greeted with applause from the gentlemen's gallery.

Mr. Keitt moved that it be cleared and insisted upon the enforcement of the rule. Much confusion ensued.

The Speaker reminded the applauders that they were not in the gallery of a theatre, and said that if the indecorum was repeated the gallery should be cleared.

A Member—"Except the ladies"—

Another—"Certainly."

The House then proceeded to vote on the Senate bill as amended by Mr. Montgomery's substitute and it was passed by—yeas 120, nays 112.

The following are the yeas and nays on Montgomery's substitute: Yeas—Abbott, Adrian, Andrews, Bennett, Billinghurst, Bingham, Blair, Bliss, Brayton, Buffington, Burlingame, Burroughs, Campbell, Case, Chappel, Chapman, Clark of Conn., Clarke of N. Y., Clawson, Jno. B. The vote on the passage of the bill, as amended by Mr. Montgomery's substitute, is precisely similar to the list above.

The House immediately adjourned.

SENATE.—A resolution granting permission to Lieut. Jeffers to receive a token of honor from the Queen of Spain was passed.

Nothing of note transpired in the Senate up to a quarter before 10 o'clock.

Subsequently various ineffectual attempts were made to vote down Mr. Iverson's motion to take up the army bill instead of that for the admission of Minnesota. The former was taken up, and numerous verbal amendments are being made without altering the principles of the bill.

Mr. Hunter was aware that the President would not expend a dollar or raise a man more than was required. He moved to strike out the words four-eighths and substitute two-eighths, exclusive of the Texas regiment.

Mr. Iverson explained that he, individually, was not in favor of the employment of volunteers of raw militia, picked up in grog shops, and inefficient against the Mormons, but they might defend the trains and posts, and be used for frontier service, and thus liberate the regulars from Texas, and added that the government will be satisfied with two regiments, if it cannot get four.

Mr. Pugh regarded volunteers preferable to regulars and would move the amendment of that clause requiring a section from a State to road company.

Mr. Cameron said that Mr. Iverson was wrong in characterizing volunteers as picked up in grog shops. He, the other day, presented the offer of a uniformed company of most respectable young men from Fayette county, Penn., for Utah. It seems to be a part of the American nature to be a soldier, and go out and fight. If there was any trouble about raising the number of volunteers, Pennsylvania could do it herself.

Mr. Houston was in favor of regulars. In twenty-five days, he said, men of aptitude would learn the manual, and in six months be as efficient as if they had served five years. It was a most important duty to guard the trains, for the tactics of the Mormons would be to cut off the supplies and have the army at their mercy. Mr. Douglas asked Mr. Hunter and Mr. Iverson if they were authorized by the Administration to say that two regiments were enough. Mr. Hunter replied that he made the motion on his own responsibility.

Mr. Hunter's motion for two regiments instead of four, was carried by yeas 25, nays 14.

Previous to putting Mr. Pugh's amendment that the States supply companies instead of regiments. Mr. Iverson spoke against it on the ground that it would embarrass the election of field officers.

Mr. Pugh replied that there was no need of field officers. The regiments would not act in a body but in detachments of one or two companies under command of the senior captains. Call for twenty companies and take them from all States.

Conversation then ensued between Mr. Johnson of Arkansas, Pugh, and others, in the course of which Mr. Crittenden showed the difficulty of collecting and disciplining companies from a distance; Kentucky, he said, has a regiment to march at 24 hours notice.

The bill, as amended, finally passed.

Navigation.

BUFFALO, April 1.

New York Items.

NEW YORK, April 1.

The liens on the Collins steamers consist of $500,000 in mortgage bonds in the hands of Brown Bros., $115,000 claimed to be due to the United States, $39,000 due the city for taxes, and $3,000 due for wages from the Atlantic.—It was stated at the sale that the Company denied the government claim, also denied that the claim for taxes was a lien upon the ships. It is supposed that Brown Bros. are the actual purchasers.

The loss by the burning of Harvey's oil cloth factory is estimated at $30,000, insured $20,000.

McNallis' iron foundry, in Perry street, was burned this morning with all the fixtures. Loss unknown.

Crittenden's Substitute Modified, &c.

NEW YORK, April 1.

The Washington correspondence of the Courier and Times states that the Republicans have obtained an important modification of Crittenden's substitute, which modification excludes the recognition of the Lecompton Constitution. This it is said will obviate the objections of certain Republicans.

The Senate yesterday confirmed the treaty with the Pawnee Indians.

Sidney, New South Wales papers gives the particulars of a mutiny on board the ship Junior, of New Bedford.

The ship was off Van Diemans Land on Christmas last, when a portion of the crew made an attack on the officers, then asleep in the cabin, killing the captain, third mate, and two men, wounding the 1st and 2d mates and steward.—The Junior arrived at Sidney on the 10th of January.

Harvey's Oil Cloth Factory, in Brooklyn, was partially destroyed by fire last night. Loss $20,000—partly insured.

Washington Items.

WASHINGTON, April 1.

The Post Master General has made a contract with John Hackaday and others, to carry a weekly mail from St. Joseph, Mo., to Salt Lake City, with other parties for a fortnightly mail from the latter city to Sacramento City, California.

After the report closed last night, Mr. Letcher, of Va., defended the majority of the Kansas Select Committee from the charge that they were determined to shirk the investigation.

Mr. Walton of Vt., opposed the extension of slavery and the Lecompton Constitution.

The House adjourned earlier than was anticipated.

Over fifty set speeches have been delivered in the House in favor of Lecompton, of which five were by South Americans; and at least seventy have been delivered against it, embracing those of 17 South Americans, and 14 democrats.

Abandoned at Sea—Sale of the Collins Steamers.

NEW YORK, April 1.

The ship Titan, of Boston, was abandoned at sea February 16th. The crew were saved after being in boats four days, and brought to Pernambuco. The Titan was bound from Callao to Cork, with guano.

The three Collins steamers, Adriatic, Baltic and Atlantic, subject to joint liens of $657,500, were sold in one lot to-day for $50,000. Dudley B. Field was the first bidder and purchaser.

W. C. Jones, the special agent of Government to Nicaragua, arrived at Charleston on the Isabel, on Sunday, and left immediately for Washington.

PITTSBURGH, March 31.

An election was held here to day, for the Pittsburgh, Fort Wayne & Chicago R. R. Co.—The regularly nominated ticket was elected by a large majority as follows—Geo. W. Cass, J. Edgar Thompson, W. Robinson, Jr., and W. Shade of Pa; Jno. Gattrell, G W. Bailey, C. M. Russell, and Robt. McKelley of Ohio; Samuel Hannah, J. K. Edgerton, J. L. Williams, and A. L. Wheeler of Indiana; Jno. Evans and W. B. Ogden of Ill.; and R. W. Winslow of N. Y.

Virginia Legislature.

RICHMOND, March 31.

The Legislature has passed the bank bill, after amending it so as to require the banks to resume specie payment the 1st of May.

Arrival of the Glasgow.

NEW YORK, April 1.

The steamship Glasgow, from Glasgow 17th, arrived this P. M. News anticipated. She passed on the 26th an iceberg 200 feet high and a mile long.

A "WORKING" LEGISLATURE.—We noticed at the fire on Monday evening, quite a number of Senators and Assemblymen, working like horses—tugging at the rope—carrying out goods and boxes, and "down on the brakes." Some of them had their garments burned by the falling cinders. We saw that Col. Billings had a large hole burned in his hat. Such kindness as was manifested by the honorable members on Monday evening, we can assure them is duly appreciated by our citizens.—*Patriot.*

The Supreme Court was also represented.—Judge Cole was working away at the brakes with as much zeal as though his own property had been at stake.—*Madison Journal.*

THE SCHOOL FUND APPORTIONMENT—INCREASE OF THE NUMBER OF CHILDREN.—The apportionment of the School Fund income for the year 1858, to the several counties of the State, has just been made. We are indebted to Hon. L. C. Draper, State Superintendent of Public Instruction, for the following facts. The amount apportioned is $191,158,75. This is seventy-five cents for each child in the State. The total number of children in the State between the ages of four and twenty-one years, as reported to the Superintendent, 241,555—an increase, in round numbers, of 30,000 over the number returned the previous year. Who says that Wisconsin is not a growing State?—*Madison Journal.*

NOT BAD.—The following bon-mot is in circulation in the political circles of Boston in reference to the late removal of Judge Loring from his office of Judge of Probate. Mr. Loring, they say, has now gone through the three degrees of probate, re-probate and ex-probate.

FRIDAY MORNING, APRIL 2.

False Coins from the News Office.

Election being close at hand, the *News* has put its *bogus* mint in operation again, and, in yesterday's issue, attempts to pass off a lot of its false coin upon its credulous readers. These counterfeits are badly executed, and though stamped "facts" bear unmistakeable falsehood on their *face*. The *News* gravely charges that the "Jenny Lind Club"—an "institution" that expired several years ago—are the parties really responsible for our City Debt, and oppressive Taxation—that it was this mischievous organization which issued in 1852 ten per cent. City Bonds to redeem City scrip, which they, the Club aforesaid, had bought up at 50 cents on the dollar—that it was the "Jenny Lind Club" which procured the passage of the first R. R. loan; that it was the "Jenny Lind Club" which procured the passage of all the rest of the loans; that it was the "Jenny Lind Club" which owned the Milwaukee and Mississippi, and Milwaukee & Watertown Rail Roads, and got $734,000 of City Bonds to aid in building them—that it was the "Jenny Lind Club" which insisted on having the Straight Cut, and now don't want to pay for it—that it was the "Jenny Lind Club" that kil't Mayor Cross entirely at the last election—that it was the "Jenny Lind Club" which "crushed out" Hadley & Co., and badly bothered the *News*—and finally, that this "Jenny Lind Club" is made up exclusively of "snobs" and "swells," who own all the property of the city, and don't pay any of the Taxes. It must be quite unnecessary, after such an enumeration, for us to urge upon the Legislature, at its earliest convenience, to repeal this "Jenny Lind Club," and divide its effects among the starving crew of Office-seekers and Tax-Eaters who pour forth their plaints through the sympathizing columns of the *News*.

We had almost forgotten to notice two of the *News'* bogus "facts" which refer to the *Sentinel*. They run thus:

> It is a fact that the Milwaukee *Sentinel* obtained the city printing, that year, under a bid to do it for nothing, and afterwards procured the allowance of a bill, giving it full compensation for the work, which it obtained on the sole condition of doing it without charge to the city.
>
> It is a fact that the said *Sentinel* endeavored to collect one bill twice, by suing the city on an account which had been audited and paid.

These, like the rest of the *News'* allegations, are wanton falsehoods, and therefore worthy of the *News'* mint.

Value of Party Endorsements.—The *News* of yesterday, goes through the list of the "regular" party nominations, and endorses one and all as unexceptionable. *Here is a sample:*

> Third Ward.—In the third ward, the Democrats have in the field, for Alderman, Daniel Kennedy, and for Councilman, Michael Bray.—These gentlemen are fully qualified for the posts to which they have been nominated.

Daniel Kennedy, when last in the Council, was carried through the streets of this city, *drunk*, on a dray, and dumped at the Police Station on Wisconsin street, in broad day-light.—He was immediately expelled from the Council; but the *News* nevertheless "officially" certifies that he is just the man for the place, and for no other reason than that he is the "party" nominee.

[Published, March 30th, 1858.]

AN ACT to Amend an Act entitled "An Act to Consolidate and Amend the Acts to Incorporate the City of Milwaukee and the several Acts Amendatory thereof," Approved February 20th, 1852, and to Enable the Electors of the City of Milwaukee to Revise, Codify and Amend their Charter.

The People of the State of Wisconsin, represented in Senate and Assembly, do enact as follows:

Section 1. There shall be elected annually in the city of Milwaukee, at the same time and in the same manner that the other elective officers therein are by law elected, three Street Commissioners, who shall have and exercise the the powers now possessed by the Aldermen of the several wards, over streets, alleys, side-walks, public grounds, bridges, sewers, wharves, rivers, and nuisances, subject, however, to the restrictions hereinafter provided: and the papers belonging to the offices of the street commissioners, under the law hereby amended, shall be transferred to the office of the Comptroller; and all the duties as to contracts now in force, vested by law in said commissioners, shall be discharged by the commissioners created and elected under this act. One of said commissioners shall be designated and appointed by the Mayor, subject to the approval of the Common Council, as acting Commissioner: *Provided*, That one of said commissioners shall be a resident of the east side of Milwaukee river, one on the west side of said river, and one south of the Menomonee and Milwaukee rivers.

Sec. 2. A majority of the street commissioners may do any act which, by law, the commissioners are authorized to do. All orders and reports of the board of commissioners shall be signed by them, or by a majority of them, in the office of the city Comptroller, and immediately filed and recorded by the Comptroller.

Sec. 3. The compensation of the street commissioners shall be fixed by the Common Council, but that of the acting commissioner shall not exceed twelve hundred dollars per year, nor that of either of the other commissioners the sum of five hundred dollars per year; and no other compensation for extra services, clerk hire or otherwise, shall be allowed to either of said commissioners.

Sec. 4. Whenever said commissioners shall deem it necessary to grade or otherwise improve any street, alley, public grounds, or side-walks, in any manner authorized by law, (except ordinary cleansing and repairs,) or to dredge or dock any river, or to abate any nuisance, the city Engineer shall, under their direction, make an estimate of the cost of such proposed work, as now provided by law, and shall file such estimate in the office of the Comptroller.

Sec. 5. After such estimate shall have been made and filed, the street commissioners shall assess against the several lots or parcels of land, or parts of lots and parcels of land, which they may deem benefitted by the proposed improvement, the amount of such benefit which those lots or parcels of lands will severally, in the opinion of such commissioners, derive from such improvement when completed in the manner contemplated in the estimate of the Engineer as aforesaid, taking into consideration, in each case, any injury which, in the opinion of the commissioners, may result to each lot from such improvement. If the commissioners shall be of opinion that any lot or parcel of land adjoining the proposed improvement, will be directly injured by the proposed grading, beyond the direct benefit therefrom to that lot, they shall assess in favor of such lot or parcel the balance of damage, which, in their opinion, the same will so sustain thereby; and so soon as such proposed work shall have been done, such balance shall be paid to the owners, respectively, of the lots or parcels so injured, out of the ward fund of the ward in which the work is done.

Sec. 6. If any street commissioner shall, in any case, be directly interested in any property liable, under this act, to be assessed with either benefits or damages, on account of any proposed improvement, the Common Council shall, in such case, appoint some proper disinterested person to act in his stead in determining upon the necessity of the improvement and in assessing the damages and benefits to arise from such improvement, and the person so appointed, shall, for the particular case in which he is appointed, possess all the powers and authority and be subject to all the duties and restrictions imposed by law, upon a street commissioner.

Sec. 7. The street commissioners shall, by the first day of May, of each year, or so soon thereafter as may be, determine upon a general system of improvement for the year ensuing, and shall lay before the Common Council a detailed statement of the same by wards.

Sec. 8. The street commissioners shall make and sign reports and file the same with the Comptroller, before the first day of August, of each year, of such benefits and damages, if any they find, and the Comptroller shall record the same and give notice thereof, to the parties interested, by publishing the same for three successive days in the official papers, and only in a case of extraordinary necessity, shall any work, not embraced in such report, be ordered or contracted for during the current year.

Sec. 9. After the notice prescribed in the last section shall have been completed, the commissioners, if they deem the proposed improvement immediately necessary, shall during the current year and not after, report thereon to the Common Council, stating the nature of the proposed improvement, the cost thereof as estimated by the Engineer, together with the damages and benefits assessed upon the several lots and tracts, or parts of lots and tracts, embraced in the reports made pursuant to the last section, and may thereupon make to the Common Council such recommendations in relation to the proposed work, or improvements as they may deem advisable.

Sec. 10. The Common Council may thereupon adopt or reject the recommendations of the commissioners in whole or in part. If in accordance therewith they direct any portion of the proposed improvement to be made, the Comptroller shall give notice in the official papers by six daily publications, that the parties interested in the property upon or adjoining which the work is required to be done, may, within a reasonable time, therein to be specified, make the improvement, or do the work required to be made or done opposite to or in front of the premises owned by them, respectively, and which, by the law, as it now is, would be chargeable to their respective lots or parcels of land; and all the parties so interested, by doing the work or making that part of the improvement which they are so notified to do or make, within the time limited by such notice, may relieve their respective lots and parcels from any and all charge for benefits on account of such improvement. In fixing the time within which such work is required to be done, the Comptroller shall take into consideration the amount of work to be done and the conveniences and facilities for doing the same.

Sec. 11. If the parties interested shall fail to make the improvement, or do the work required, or any part thereof, within the time so limited, or within such further time as may be given therefor by the Comptroller or Common Council, the Comptroller shall advertise for bids, and the Street Commissioners shall let the contract for the work, or improvement in the manner provided by law.

Sec. 12. Such contract shall require the contractor to receive certificates upon, or against the several lots or parts of lots or parcels of ground, which may be assessed with benefits on account of the same, to apply in payment of the contract price as now provided by law: *Provided*, that in any case where the contract price of the work to the center of the street or alley, done opposite to any lot or parcel of ground, shall exceed the benefit assessed to such lot, the excess shall be paid out of the ward fund of the ward in which such lot shall be situated.

Sec. 13. In letting contracts for work or public improvements upon streets, alleys, side-walks, public grounds, rivers and wharves, and for the abatement of nuisances, and in all proceedings subsequent thereto, the street commissioners elected under this act, shall perform the duties now imposed upon the Aldermen of the several wards acting as street commissioners, including the giving to contractors proper benefit certificates upon the property assessed therefor to apply towards the work done: *Provided*, however, that no contract entered into by the commissioners for such purpose, shall have any force or validity, until approved in writing by the Comptroller; and it shall be the duty of the Comptroller to keep a register of all certificates issued by the street commissioners against lots, which said certificates may be paid by the owner or owners thereof, at any time before the sale of said lots for the non-payment of taxes, to the city treasurer, who shall receive the amounts paid on such certificate, and hold the same for the benefit of the owner who shall be entitled thereto on producing and surrendering such certificate to be concelled.

Sec. 14. Any person feeling himself aggrieved by the return of the street commissioners as to the assessment, either of damages or benefits, within twenty days after the completion of the publication of notice by the Comptroller, that the work has been ordered by the Common Council to be done, may, by petition, appeal to the Common Council, who shall hear and determine such appeal as to them may seem just and proper—should the party aggrieved be dissatisfied with the decision of the Common Council, he may, within thirty days thereafter, appeal to the Circuit Court of Milwaukee county, by filing with the clerk thereof a copy of his petition and the proceedings of the Common Council thereon—such appeal shall be tried as ordinary issues of fact, and the form of the issue shall be subject to the direction of the court. If, on such trial, the damages allowed by the Common Council shall be increased, or the benefit diminished, as the case may be, the party appealing shall recover costs, otherwise costs shall be recovered by the city. The party appealing shall execute to the treasurer of the city of Milwaukee, and file the same with the Comptroller, his bond in the penal sum of five hundred dollars, with sureties, to be approved by the Comptroller, conditioned for the payment of all costs that may be adjudged against him by reason of such appeal. Such appeal shall not affect the rights of the contractor, or the proceedings in reference thereto, but the certificate against the lot shall be given as if no appeal had been taken, and in case the appellant shall succeed, the difference between the amount charged against the lot or tract in the certificate, if exceeding the estimate of benefit awarded, shall be paid by the city out of the proper ward fund to the appellant, whenever he shall have paid the certificate against his lot.

Sec. 15. It shall be the duty of the Comptroller to open a Registry containing a list of all lots or parcels of land within the city of Milwaukee, and to enter in the same, at the request of the proper party, opposite such lots or parcels of land the name of any person claiming to be the owner of the same, or the name of his agent or attorney, residing in Milwaukee—and in case any improvement is ordered to be made, or any action of the Common Council under which damages or benefits may be assessed to any such lot or parcel so claimed to be owned and registered as aforesaid, then the Comptroller shall cause notice to be given to such owner or agent either personally or by leaving such notice at the usual place of abode of the party or agent as entered in said register. The Comptroller shall be entitled to receive ten cents from every claimant whose name is entered opposite to each lot so registered, which shall be paid into the treasury.

Sec. 16. The street commissioners shall inquire into and determine the necessity of any work to be done by the city, and on their recommendation, the Common Council may authorize the Comptroller to advertise for proposals, and to let the contract for such work, which shall be subject to the approval of the Street commissioners. No person or officer shall be employed by the Common Council, or by any city officer, to do or superintend any work for the city, or for any ward, unless the street commissioners shall determine the same to be necessary.

Sec. 17. All work, (except such cleansing and repairing which the urgency of the case may require to be done immediately without time to give the requisite notice,) chargeable to the several ward funds or to the city fund, including printing, shall be let by contract to the lowest bidder, with ample notice of the time and place at which contract will be let. In the purchase of materials for ward and city purposes, when practicable, it shall be necessary to invite proposals for the furnishing of the same, and the contracts shall be given to the lowest bidder.—It shall be the duty of the Comptroller, in all cases, to reject any bid for the doing of work, or the furnishing of material, which he may deem unreasonable or exorbitant; all accounts for such work, or the furnishing of such material, shall, before being allowed by the Common Council, be audited by the Comptroller; and all such accounts for work done or materials furnished under the supervision of the street commissioners, shall be certified by them before being audited.

Sec. 18. The Comptroller shall be authorized to administer oaths and affirmations in all matters arising under the laws and ordinances of the city, and he may require all parties having claims or accounts against the city or either of the wards to verify the same by affidavit. In all cases of doubt arising under any claim or contract against or with the city or either of the wards, he shall inquire into the same, and for this purpose he may examine parties and others under oath; and if any person shall swear or affirm falsely touching the expenditure of any of the money of the city, or either of the wards, or in support of any claim against the city, or either of the said wards, such person shall be subject to indictment, and on conviction thereof shall be punished as for wilful and corrupt perjury.

Sec. 19. In case of the non-performance of any contract within the time therein limited, the contractor shall forfeit all right or claim to any compensation for work done under such contract—and the Comptroller shall give notice, and enter into new contracts for the unfinished portion of said work, in the same manner as in the original letting and contract, provided, however, that the Comptroller may, with the consent of the Common Council, give such contractor further time for the completion of his contract.

Sec. 20. Whenever the Comptroller shall be satisfied that the cost of any such improvement will exceed the amount of the fund out of which the same is to be paid, he shall have the power and it is hereby made his duty to terminate or postpone, in whole or in part, any contract entered into for the doing of such work or the making of such improvement.

Sec. 21. The expense of constructing or building sewers shall be assessed by the street commissioners and the city engineer to the several lots or parts of lots benefitted thereby, as now prescribed by law: provided that where sewers are constructed through streets, no lots shall be so assessed except those situated in the block fronting on that part of the street through which the sewer is to be extended.

Sec. 22. The street commissioners shall appoint the tenders of the several bridges within the city, and prescribe their duties and see that the same are faithfully executed. Each bridge tender shall execute a bond to the city of Milwaukee, with at least two sureties, in such sum as the street commissioners may fix, conditioned for the faithful discharge of the duties of such office. Before any such appointment is made, it shall be the duty of the commissioners to give at least ten days' notice in the official papers, that on a certain day, at the Comptroller's office, they will receive and open bids from parties desiring to act as bridge tenders, and the commissioners shall be required to confer the appointment upon those parties making the lowest bids, for tending the bridges within the city for the ensuing year. The street commissioners may for misconduct or incompetency remove any bridge tender and appoint such proper person in his stead, who shall hold his office until his successor shall be appointed as provided in this section.

Sec. 23. The street commissioners shall be authorized to contract for the cleaning or temporary repairing of streets, alleys and sidewalks as now prescribed by law, and where such work is done opposite to any lot or part of lot, it shall be chargeable to the same, and the account for such work shall be kept separate from that of the general fund of the proper ward. After the sale of lands for taxes in each year, the Treasurer shall report to the Comptroller a list of all tracts or lots on which such special tax for cleaning or repairing streets, sidewalks or alleys remain unpaid, and the Comptroller shall give to the proper contractor a certificate specifying the lots or tracts upon which such tax shall remain unpaid, with the amount of such special tax thereon.—The contractor, or his assigns, shall be entitled to demand and receive from the Treasurer, upon the presentation of such certificate, the amount of such tax, and the interest thereon, as the lots or tracts shall from time to time be redeemed.

Sec. 24. Whenever application shall be made to the Common Council for the opening, widening or extending any street, alley or public grounds, it shall be their duty, before entertaining such application, to require the petitioners to execute to the Treasurer of the city of Milwaukee, a bond in the penal sum of one thousand dollars, with sureties, to be approved by the Comptroller, conditioned that they will prosecute their application to effect, and pay all costs or charges which the city may sustain in consequence of such application. In all appeals to the Circuit Court, in cases of opening, widening or extending streets, alleys, or public grounds, the bonds shall be given and costs awarded in the same manner as in cases of appeal from the Common Council where assessments of benefits or damages have been made in grading streets.

Sec. 25. The jurors appointed in pursuance of Sec. 3 and 4, of Chapter VI of the act to which this is amendatory, shall, before they proceed to view the premises in question, take and subscribe an oath or affirmation, which shall be filed with the clerk, that they will faithfully and honestly discharge the duty imposed upon them, and determine whether it is necessary to take the premises in question for the public use; and it shall be the duty of every person appointed as such juror to act, unless excused for reasonable cause by the Judge appointing him, and every person so appointed and duly summoned or notified to act as required by law, who shall, without being so excused, neglect or refuse to perform his duty as such juror, shall be liable to a penalty of fifty dollars, to be recovered in an action brought in the name of the city of Milwaukee, before the Police Justice thereof, and it shall be the duty of the officers summoning such jurors to notify the city attorney of any violation of this section, and it shall be the duty of the city attorney to prosecute any person so offending.

Sec. 26. All duties subsequent to the report of the jurors as to the necessity of taking the premises for public use, which now by law devolve upon such jurors, shall hereafter be performed by the street commissioners. In case any commissioner shall be interested in the premises, or in any property affected by such proceedings, it shall be the duty of the Common Council to appoint some disinterested person to act in his stead.

Sec. 27. Immediately after the allowance by the Common Council of any claim or account, it shall be the duty of the clerk to furnish the Comptroller a complete list of the same, and before any warrant shall be issued therefor, it shall be the duty of the Comptroller to countersign the same.

Sec. 28. The Comptroller, Clerk, Treasurer and Surveyor may each appoint a deputy, subject to the approval of the Common Council, and for whose acts they shall be respectively responsible.

Sec. 29. No person interested either directly or indirectly as principal or surety in any contract or agreement, written or verbal, to which the said city shall be a party in interest, or to which any officer or board under this act, shall officially be a party for the construction of any sewer, pavement or building, or for the performance of any public work whatever, or for involving the expenditure, receipt or disposition of money or property of the said city or of any ward, or by any officer or board under this act, or the act to which this is amendatory, that will in any manner give him official cognizance of, or authority over the subject matter of such interest, and if any person thus interested shall be elected or appointed to office, his election or appointment shall be void, and his office shall be deemed vacant.

Sec. 30. If any member of the Common Council, or other officer of the corporation, after his election, or appointment, or while in office shall become or cause himself to become, interested directly or indirectly, in any contract or agreement, written or verbal, to which the corporation or any ward shall be a party in interest, or to which any officer or board under this act shall officially be a party, or in any question, subject, or proceeding pending before the Common Council, or on which such officer may be called on to act officially, with intent to gain directly or indirectly, any benefit, profit or pecuniary advantage, he shall be removed from his office, and the same shall be declared vacant by the Common Council, and he shall be deemed guilty of a felony, and on conviction thereof shall be punished by imprisonment in the State prison, not more than three years, nor less than one year, or by a fine not more than five thousand dollars, nor less than five hundred dollars, or both in the discretion of the court.

Sec. 31. If any member of the Common Council, or other officer or agent of the city government shall, directly or indirectly, accept or agree to accept, or receive any money, goods or chattles, or any bank note, bank bill, bond or promissory note, due bill, bill of exchange, draft, order or certificate, or any security for the payment of money, or goods and chattels, or any deed or writing containing a conveyance of land, or containing a transfer of any interest in real estate, any valuable contract in force, or any other property or reward whatever, in consideration that such member of the Common Council, or other officer or agent will vote affirmatively or negatively, or that he will not vote, or that he will use his interest or influence on any question, ordinance, resolution, contract or other matter or proceeding pending before the Common Council, or on which such officer or agent may be called upon to decide upon, or act in any particular manner, such member of the Common Council, officer or agent shall be removed from office, and his office declared vacant by the Common Council, and both he and the person or persons offering or paying such consideration, directly or indirectly, shall be deemed guilty of felony, and on conviction thereof, shall be punished by imprisonment in the State prison not more than three years, nor less than one year, or by fine not exceeding five thousand, nor less than five hundred dollars, or both at the discretion of the court.

Sec. 32. If any officer of said city, or any person having custody or control of any portion of the interest or sinking fund of said city, shall pay out any monies or property belonging to any person or persons, or on any claim or warrant, except in payment of a claim or warrant chargeable to such fund, every such officer or person so offending shall be deemed and adjudged guilty of embezzlement.

Sec. 33. The Mayor, Comptroller and Treasurer shall be commissioners of the sinking fund, and shall from time to time purchase the outstanding founded debt of the city, for which the same may be legally liable, or such part thereof as they may be able to purchase until the same shall be finally extinguished. In making such purchase it shall be the duty of said commissioners to publish a notice in some prominent newspapers published in New York and Milwaukee, specifying the amount of the founded debt, which they may wish to purchase, and that they will purchase the same from the lowest bidder. Such notice shall be published once in each week for three weeks.

Sec. 34. The Common Council may issue bonds bearing interest not exceeding ten per cent., and payable in not more than ten years, and said bonds shall only be used or disposed of in the payment of or in exchange for bonds, and the interest thereon, issued by said city, and in the payment of debts contracted previous to the sixth day of April, 1858: *Provided*, however, that such bonds shall not be sold or exchanged for less than their par value. Out of the tax levied there shall be set apart, first, a sum sufficient to pay the annual interest on the city debt—secondly, a sum not exceeding sixty thousand dollars to be used for the payment of general city expenses; the residue of said tax when collected shall be set apart as a sinking fund, for the extinguishment of the funded debt of the city. The funds thus set apart for interest and sinking fund shall be kept distinct in the treasury, and separate accounts thereof kept in the books of the Treasurer and Comptroller. It shall not be lawful to use or borrow any portion of either of said funds for the purpose of paying any debt or liability not properly chargeable to such fund. The amount levied for ward purposes, exclusive of special taxes, in any one year, shall not exceed sixty thousand dollars; the per centage of such tax levied in the several wards, shall not exceeds the amount estimated and required by the Comptroller and Street Commissioners. Any surplus from the ward, city, or other fund, shall, on recommendation of the Comptroller, and the order of the Common Council, be paid into the sinking fund.

Sec. 36. Such parts of the act, of which this is amendatory as require the election of one assessor from each ward are hereby repealed and all the powers and duties of such assessors shall devolve upon three assessors to be appointed by the Mayor, subject to the approval of the Common Council.

Sec. 37. When the assessment roll shall be completed for all the wards by the assessors, they, together with the Mayor, Treasurer, Comptroller and City Attorney, who shall constitute a board of review, shall give one week's notice in the official newspapers, and shall fix a time and a convenient place where they will meet for the purpose of hearing any objections of parties deeming themselves aggrieved by such assessment, and after hearing the same, may make such alteration or revision as justice and equity may require: Provided that the time of hearing such objections shall not be extended more than two weeks from the expiration of such notice.—The concurrence of a majority of the board shall be sufficient to decide any question of allowing or correcting the assessment complained of,—The board, or a majority of them, having completed the review, and correction of the assessment roll, shall respectively sign and return the same to the Common Council.

The salary of the Chief of the Police of the city shall not exceed two thousand dollars, and the compensation of the assistants shall not exceed six hundred dollars each per annum.

Sec. 39. It shall be the duty of the Chief of Police, on, or before the first day of May and November in each year, to report to the clerk and attorney the names and places of business of all parties selling or dealing in spirituous, vinous or fermented liquors, and to give notice to such parties that they are required to pay the City Treasurer such license money as may be fixed by law for the selling or dealing in spirituous, vinous or fermented liquors, and from time to time the Chief of Police shall report the names and places of business of all other parties, who, subsequent to, or not embraced in such report, shall be, or may have been engaged in selling or dealing in spirituous, vinous or fermented liquors. At all elections by either board or in joint convention, the vote shall be given *viva voce*, and shall be duly entered in their respective journals. When the two boards meet in joint convention the Mayor shall preside, or in his absence, the president of the board of aldermen, or in the absence of, the Mayor and the president of the board of aldermen, then and in such case the president of the board of councillors shall preside. The city clerk shall be the clerk of such conventions and shall enter the proceedings thereof in the journal of each house.

Sec. 52. A majority of the members of each board in joint convention assembled, shall have power to dismiss from office for malfeasance in office, any person elected or appointed to any office in said city, except justices of the peace, and the Common Council shall provide by ordinance the manner of hearing and disposing of complaints against such officers. In case of a tie vote, or a failure in making an election of any officers, or in case of the dismissal of any officer, or when any officer elected or appointed for the city, moves his residence without the limits of the city, or when any officer elected or appointed, in and for any ward, moves his residence without the limits of such ward, or whenever a vacancy may occur in any other manner in any office to be filled by an election of the people, the Mayor shall, by proclamation, order a special election, giving five day's notice thereof, for the election of a person to fill such vacancy; and when a vacancy may occur in any office to be filled by a vote of the two boards, in joint convention, the same proceedings shall be had for an election to fill such vacancy as are required for the election of any officer by the Common Council.

Sec. 53. The powers of the corporation of said city shall be vested in said boards of aldermen and councellors, who shall, in separate and distinct assembly, have all the power and authority now vested by law in the Common Council of said city.

Sec. 54. All laws, ordinances, regulations, resolutions and by-laws shall be passed by an affirmative vote of a majority of each board, and shall be signed by the Mayor, and in every case where either board acts under some presiding officer other than the Mayor, shall also be signed by such other presiding officer, and shall be published in the official papers before the same shall be in force, and within fifteen days thereafter, they shall be recorded by the City Clerk in books for that purpose; but before any of the said laws, ordinances, regulations or by-laws shall be recorded, the publication thereof respectively within the said time, shall be proven by the affidavit of the foreman or publisher of such newspaper, and said affidavit shall be recorded therewith, and at all times shall be taken and deemed as sufficient evidence of the time and manner of such publication.

Sec. 55. The president *pro tem.* of the board of aldermen shall, during the absence or disability of the Mayor, be acting Mayor, and during the absence or disability of the Mayor and president of the board of Aldermen, the president of the board of councillors shall be acting Mayor.

Sec. 56. The councillors elected under this act shall be deemed successors to and in lieu of the aldermen for one year elected under existing laws.

Sec. 57. When any officers are to be elected, appointed or confirmed to office by the Common Council, the two boards shall meet in joint convention for that purpose to be called by the Mayor, of which at least one days notice shall be given to each alderman and councillor. In such convention all votes shall be given *viva voce* and shall be recorded by the clerk, and a majority of the members present shall be necessary to a choice.

Sec. 58. The Clerk of the city shall be the Clerk of each of said Boards, and shall keep a record of their proceedings in distinct books, to be provided for the purpose. And when reports are required to be made to the Common Council such reports shall be made to the Clerk, who shall lay them before each of said Boards at their next succeeding meeting.

Sec. 59. No member of the Common Council, being a candidate for any office at any election, shall be inspector at such election.

Sec. 60. No member of the Common Council shall hold any other office in the city. Any member of the Common Council, being elected as a member of the Legislature of this State, shall be deemed to have vacated his office as a member of the Common Council, and it shall be the duty of the Common Council to order a special election to fill the vacancy thus created.

Sec. 61. If any member of the Common Council shall, while a member, be elected to any other office of said city, such election shall be void.

Sec. 62. The first election for city and ward officers under this act, shall be held on the first Tuesday in April next, (1858) and thereafter the annual election of such officers shall be held on the first Tuesday of March in each year, and the notice of election of city and ward officers, under existing laws is hereby dispensed with for the first election to be held under this act, on the first Tuesday of April next.

Sec. 63. On the first Monday of August, A. D. 1858, the legal voters of the city of Milwaukee may assemble at the usual place of holding elections, in their respective wards, between the hours of ten A. M. and four P. M. of said day, and elect three delegates, (being tax payers of the city) from each ward, and it shall be the duty of the city clerk to cause notices of such election, (specifying the time and place) to be published in all the daily papers in the city for at least five days immediately preceding said election; that the delegates so elected shall within one month thereafter, upon the proclamation of the Mayor, assemble at the common council chamber, and after being organized, shall proceed to revise, codify and amend the city charter and amendments thereto. When said delegates shall have completed their labor, and previous to the first day of January next, they shall report such revised charter to the Common Council, who shall cause the same to be published in the official papers of the city.

It shall further be the duty of the Common Council, within one month after such publication, to order an election to be held in the several wards of the city, at such time and place as they may determine, and at such election the qualified voters of said city may, in such form as the Common Council may determine, approve or reject such revised or amended charter; should a majority of the qualified voters of said city at such election approve of such charter so amended, it shall be the duty of the Common Council to forward the same to the legislature with the request that the same may become a law. All elections under and by the authority of this section, shall be conducted in the same manner, and the returns shall be made as they are required to be made at general elections under the city charter, and all the laws relating to illegal and corrupt voting at such elections, shall be applicable to the elections under this section.

Sec. 64. All acts or parts of acts, contravening, either the letter or spirit of this act, are hereby repealed.

Sec. 65. This act shall take effect from and after its passage and publication.

HORRIBLE DETAILS.

The Deliberate Confession of the Wife-Murderer, Geo. H. Lamb.

We can scarcely avoid felicitating the reader on the noble nature of the race to which he belongs. That a human being of average capacities, trained under civilized and christian influences, could do the deeds detailed below, is a mournful commentary on the boasted dignity of man. The wife murderer Geo. H. Lamb, was, on Saturday, taken before Justice Herckenrath. He waived examination, plead guilty, and was regularly committed for appearance at the criminal court. He then proceeded, in responses to the question of the prosecuting attorney, Wm. C. Jones, Esq., to make the following statement:

"I was married to Sarah S. Stafford at the court house in Quincy, Illinois, by a justice of the peace, on the 24th of November, 1856. I was then residing at Mendota, Illinois. I returned there, leaving my wife with her father in Hamilton, Hancock county, Illinois. On or about the 25th of March, 1857, I went back from Mendota to Hamilton, and told my wife I wished to take her south to spend the winter. She consented, and we left for the south, and arrived in St. Louis on the 27th, 28th or 29th of last November. We got here before daylight, took breakfast and dinner at King's Hotel, and then went to the Astor House, kept by Herman Norp, on Franklin avenue. While there my wife was unwell; I had Drs. Christopher and Washington attending her. Her sickness was caused by my giving her poison. The poison was strychnine. I got it at a drug store on Broadway. I bought the strychnine for the purpose of giving it to my wife. I gave it to her at least twice and may have given it to her thrice but cannot say positively. I gave it to her for the purpose of killing her.

She made so much noise in the spasms that it alarmed Mr. Norp and wife who came to our room and insisted that I should send for a physician. That was the cause of my sending at different times for the doctors. I wished to allay any suspicion of Norp and wife as to what I had done. Each of the physicians prescribed for her, at different times, and I gave her the medicine. She vomited after taking the poison, I think, before taking any medicine. I first gave her poison the second day we were there, at about 10 o'clock at night. She was confined to her bed for about two weeks from the effects of poison. On the 17th of December I told Josiah Moyer of what I had done, and meant to do, and he agreed to help me. He took my baggage and that of my wife from the Astor house to his lodgings on Broadway. On the afternoon of the same day I told my wife I was going to Carondelet, and she agreed to go. We left the Astor house in a baggage wagon. I think the driver was a negro; don't remember the number of the wagon. My wife had a band-box; we went to the lower ferry; she sat in a room on the wharf-boat while I went to look for a skiff which I had before purchased. I had engaged two boys, whose names I do not know, to bring the skiff to me from the dry-docks. I bought it for $7.—We remained about an hour at the landing. The boys then came up with the skiff. Josiah Moyer was at the landing to see us start, and was to have gone with us, but he and I thought it would not be necessary. My wife and I got into the skiff. I rowed down the river and stopped below the steamboats, about fifty rods, at the foot of a street built out into the river, and then landed.—She asked me the reason. I told her it was to get a rock to ballast the boat. I did not tell her my real object, which was to get a rock to sink her body in the river. I called two boys who brought to me two rocks, weighing from ten to twelve pounds each. We then again started.

We went on by an island without trees, on the Missouri side. I did not see Carondelet. I did not notice more than one island of the kind spoken of. We went down till we were about half way past the island, on the east side, about forty-five yards from the shore. The steamboat channel is between the Illinois shore and where we were. I then laid my oars in the boat, seized hold of my wife by the back of the neck with my right hand, and pushed her head down under the water. I held it there about a minute or longer. Then I lifted her partly out of the water, and found she was dead. I took off her two shawls and bonnet and tied some twine two or three times around a stone and attached the other end to her neck. The twine was from four to six feet long between the stone and her neck. I then lifted the rock over the skiff and let it down into the water, slipping the cord through my hands till it was all out. I then threw the body into the river, and the weight of the rock carried it down instantly.—The rock was a little larger than this book (Revised Statutes.) It would weigh ten or twelve pounds. I had got the twine for the purpose of using it thus.

I then rowed to the island, thinking it was the Missouri shore, landed, and shoved the skiff off out into the stream. The skiff was of medium size, twelve or fifteen feet long. I do not remember whether it was painted or not. I left the oars in the boat—think there were three or four of them—but did not leave any stones there. I then hallooed for some one to come and take me off the sandbar. I hallooed for about an hour, when a German and another person came and took me off.

It was getting dark when I threw my wife overboard. I designed to drown her, and I left the Astor house with that design. The reason was that I was sure I could not live happily with her. She had never said or done anything to cause me to feel so. I had no ill feeling towards her, or towards any of her relatives. I felt as though I could not go back among my friends and acquaintances with her, because I was afraid they would think I had married one below me.

After getting ashore from the island, I came back to the city, arriving at about 9 o'clock. I met Moyer. He asked me how I had succeeded. I told him, "All has gone under," and supposed he understood me. I went to his boarding house on Broadway, half way between Cherry and Wash streets, on the same side as the hat store which had taken fire some days before. Do not know the name of the house, nor of the man who kept it.

On the next day I left St. Louis and returned to Mr. Stafford's at Hamilton, taking with me all her things except what she had on. I told her parents I had buried her in Memphis, and gave them the names of the doctors who attended her. I did this to cover up the facts.

On the 30th of December I was married again, to Louise Shortliffe. She did not then know that I had been married to Sarah S. Stafford. I married so soon because she said she would not wait for me any longer. I had kept company with her the fall before marrying my other wife. Can offer no excuse for the murder of my other wife, except that it was for the purpose of marrying this one. My present wife was not *enciente* before our marriage. If there is a virtuous woman she is one. I had held no criminal intercourse with her.

I have said to Mr. Stafford that two men were in the skiff with me when I drowned my wife. I am sorry for the statement; it was false. Do not know why I made it. I suppose the evil spirit was in me. Two men did know my design a short time before it was executed. I told them, and asked one of them to assist me. He consented, out of friendship. He came alone to the river, not in the wagon. His name is Josiah Moyer, and he boarded where I lodged the night I came back. I paid him $5, I think. He knew my intention, and went because I wished him to go. The name of the other man is Joseph Sawyer. Cannot say where he is now. He was in Mendota the day I left there. Moyer is a small sized man—would weigh some 130 pounds—spare faced, dark complexioned, with black hair, and is a painter. Do not think he resides here, He may be aged twenty-five years or more; not over five feet high.

Those were the only persons whom I told of my design. To one Thomas L. Beale I said something about it, but he left the city before it was accomplished. Do not know whether he knows the result. Norp's family at the Astor house know nothing of it.

My present aim is to tell all the truth, and if there is anything in what I have here said which contradicts previous statements of mine, it is not from a desire at this time to tell aught but the truth. I once left the church.

[To this point the manner of the prisoner, in narrating, was calm, but with the last sentence above he dropped his head upon his hands and burst into tears. He remained thus for some minutes. At length he said:]

"It is the transgression of my duties towards my God which has brought me here, and has brought this on me."

The prisoner was yesterday taken down the river on the Missouri shore, and pointed out as nearly as he could, the locality in which he sank the body. It corresponded with that indicated by his description.

It is learned that the skiff picked up adrift at Carondelet, which three men had left and shoved off, and which it was concluded was that employed for the fatal deed, was not purchased but stolen from the owner in this city. Certain other circumstances are conceived to throw some discredit on the statement now made by Lamb.

Nothing practicable will be omitted to bring this matter to a clear conclusion.

Lamb declares that he has now no desire but to be at peace with his Maker and die.—*St. Louis Democrat.*

DAGUERREOTYPES.

CRAPO'S
Mammoth Daguerrean & Photographic
TEMPLE OF ART!
At 1, 2, 3, 4, 5 & 6, Goodrich & Tweedy's Block,
NO. 231 MAIN STREET,
(*One Door North of the Newhall House, First Floor, Up Stairs,*)

IS now open to the public. This is the largest Gallery in this city or the Great West, and has been arranged and furnished without regard to expense.

This is the only Gallery in this city where Daguerreotypes are made.

The Daguerreotype for a miniature, is now conceded by all the refined and cultivated, to

Far Excel all other Styles of Pictures,

In point of brilliancy and life-like beauty. These Pictures will not crack off like the Ambrotype, which will all crack off sooner or later. Experience has taught me that the

DAGUERREOTYPE & PHOTOGRAPH

Are the only desirable Pictures.

Price of Daguerreotypes $2, and we pledge ourselves to

MAKE BETTER ONES

Than have ever been made in this city or the West, and having a

Practical Experience of Fourteen Years

In the business, we can do all we promise. Positively no cheap Daguerreotype will be made, and none but the best will be allowed to leave the Gallery.

PHOTOGRAPHIC DEPARTMENT.

Every style are made—from the Plain, the Cabinet and life-size on Canvass, in Oil. The

Cabinet and Life-Size Photographic Portraits

Are painted by an Artist in the finest styles, which for beauty and life-like appearance are

SUPERIOR TO ANY PORTRAIT PAINTING.

☞ Old Daguerreotypes or Ambrotypes copied and enlarged to cabinet or life-size, and beautifully colored on short notice.

The Gallery and facilities for producing the best of work of the Photographic Art, are the most complete and extensive in the West.

The public are invited to call and visit the Gallery.

SUPERIOR AMBROTYPES

Are made for those who wish them, and put up at

Prices as low as any other Room in the City.

☞ REMEMBER that this is the only Gallery where good Daguerreotypes are made, and that the pictures will not fade or crack. R. P. CRAPO.
Milwaukee, March 24th, 1858.

From Hon. WASHINGTON HUNT, Ex-Governor of the State of New York:

Lockport, Aug. 3d, 1857.

The bearer of this letter, Mr. R. P. Crapo, is about to visit the Western country. He is an Artist of great merit, and has gained a reputation for excellence in his profession. He is highly appreciated, moreover, as a gentleman of intelligence and sterling moral character. I desire to recommend him to the favorable regards of any friends of mine, whom he may meet in the course of his tour. WASHINGTON HUNT.

From the Lockport Daily Courier.

☞ R. P. Crapo has disposed of his Daguerrean establishment in this place, and is about to remove to Milwaukee to engage in the same business. As an Artist Mr. C. has no superior, and he leaves in our midst as monuments of his talents, an array of pictures, which for tone, expression and finish have never been excelled in the Daguerrean or its concomitant arts. We commend him to the good people of Milwaukee as an upright and courteous gentleman, every way worthy of their confidence, and as possessing that mysterious power spoken of by the Poet when he says—

"O would some power the giftie gie us,
To see oursels as others see us."

From the Lockport Daily Advertiser.

R. P. CRAPO.—Mr. Crapo, the Daguerrean artist, having sold his business in this village, leaves here in a day or two for Milwaukee, where he is to establish himself in the wholesale trade in Daguerreotype apparatus, chemicals, &c. Mr. C. has been here for some years, and as an artist leaves a reputation inferior to none and superior to most. Among business men he stands A No. 1. His name is familiar all over the country, and whenever his artistic labors are examined he is sure to be praised.

MEDICAL.

HEALTH OF AMERICAN WOMEN.

WE have given place in the columns of our paper to several letters from Dr. Bridge, Secretary of the GRAEFENBERG COMPANY, to our most eminent physicians, upon the subject of the diseases to which American Women are so liable, and we now desire to call attention to the following, which is taken from The Pittsburg Daily Gazette, a leading journal of the Western States:

From the Pittsburg Daily Gazette, Feb. 17—Editorial.

"We are pleased to be able to report an event like the following, which is so complimentary to the progress of science in our own country. We are informed that the Graefenberg Company have been most liberal in disseminating their valuable remedy among those of limited means, and that Dr. Bridge spends much of his time in gratuitous consultation with the afflicted. Such men deserve the practical rewards of science and deep study, which we again congratulate them upon receiving."

"HONOR TO AMERICAN TALENT.—We learn that the prize of ten thousand roubles, offered by direction of the late Emperor Nicholas, for the discovery of a reliable remedy for the diseases which afflict women to such an extent, has been awarded to the Graefenberg Company, an institution in the United States of America, located in New York. Dr. Bridge, the physician of the establishment, who wrote the report, and who prepares the medicine, (which is called Marshall's Uterine Catholicon,) has been elected a Fellow of the Imperial College; and we understand that similar honors will be offered him here. We have seen a letter from some of our most distinguished physicians, highly complimenting his medical attainments, congratulating him on the honor he has achieved for the Graefenberg Company, and requesting some of the Catholicon for use in their practice. We could have wished that this honor had been gained by our eminent physicians who competed for the prize; but, failing in that, we had rather it would belong to our transatlantic descendants, than the distinguished French and German physicians who also endeavored, though unsuccessfully, to prove that they had a remedy which would answer the purpose.

"The diseases in question—Falling of the Womb, Whites, Deranged Menstruation—and the long train of difficult and distressing symptoms consequent upon them, have long baffled the best efforts of medical science. It is, perhaps, because of their greater frequency and intensity in America, that a successful remedy should come from there; and it is doubtless owing to Dr. Bridge's admitted superiority over all other physicians in that class of diseases, that he has been enabled to bear away the palm from all competitors in his own country."—*London Paper.*

"AMERICAN SKILL TRIUMPHANT.—A private medical establishment in New York, America, (The Graefenberg Company,) has borne away the prize offered for the proof of a successful remedy for Falling of the Womb, Whites, Disorders of Menstruation, &c., &c., though French, German and English Physicians of eminence have all contended for it. We understand that our leading physicians and medical colleges, with that magnanimity characteristic of true greatness, have ordered a quantity of the remedy—Marshall's Utherine Catholicon—which will be forwarded as soon as enough can be made to spare what we need from the great and increasing demand in the United States. The world wide reputation now given to this Remedy by the above reward, is well deserved by its great value, as we have most abundant testimony to prove.—*French Paper.*

AFFIDAVIT.

I, AARON HACKLEY, *Recorder of the City of Utica, N. Y.*, certify that I have examined several ladies of this city, of the highest and most unexceptionable character, who testified that they had been afflicted for years with Falling of the Womb, Whites, Deranged Monthly Periods, Discharges from the Uterine Passage, and symptoms connected with them, such as loss of appetite, nervous affections, disturbed sleep, weakness in the back, loss of flesh and spirits, pain in the back and kidneys, difficulty in passing water, coldness of the extremities, trouble in the stomach and bowels, variable appetites, nausea, irritability and fretfulness, hurried respiration, palpitation of the heart, chills and flushes of heat, great anxiety, pain in the shoulders and spine, dizziness, restlessness, bloatings, fatigue in the legs, general pains and troubles, more particularly at the time of the menstrual period. In all of these cases the skill of the best physicians had been exhausted in vain. One physician, of thirty years' experience, testifies also to his knowledge of the truth of these symptoms; and he substantiates the testimony of the ladies that MARSHALL'S UTERINE CATHOLICON entirely cured them, after the failure of everything else.
AARON HACKLEY, Recorder of Utica.

The above should induce every one afflicted to try the remedy.

TO MOTHERS.

When young girls from the age of 12 to 16 years are troubled with cough, nervousness, deranged digestion, and have a pale face and various other symptoms of disease, Marshall's Uterine Catholicon will arrest the disease and restore the rosy hue of health. Many of these cases are called consumption, even by the attending physician; but experience has proved that they are not so, and that they will all recover under the influence of the Catholicon. The seeds of consumption are undoubtedly oftenest sown at that period of life, especially when the menstrual flow is tardy in its appearance, and fatal disease may result from a neglect to use the Catholicon. *The importance of this cannot be too strongly urged.*

Women afflicted with ordinary Uterine diseases, consumption, debility, or troubles following abortions and miscarriages, would do well to address a letter, confidentially, to Dr. Bridge, Secretary of the Graefenberg Co.

Dr. Joshua F. Bridge, the Secretary of the Graefenberg Company, is a regular physician. He has devoted his principal attention to the diseases of women and children, in which, as well as in difficult chronic diseases, he has been very successful, and attained a great reputation; and he will give his personal attention to letters from those using or desiring to use the remedy. *A detail of the symptoms will enable him to judge correctly of the case and the probability of a cure. He has supervised the preparation of the Graefenberg medicines for the last ten years, and he will personally guarantee their purity and value.*

MARSHALL'S UTERINE CATHOLICON *is unhesitatingly offered as a certain remedy for all those diseases which render the lives of so many women miserable, which trouble almost every one, and from which no one is entirely exempt. Abundant and reliable testimony leaves no room to doubt this fact.*

Marshall's Uterine Catholicon, (of which nearly 1,000 bottles are sold weekly,) will certainly cure Falling of the Womb, Whites, Suppressed or Painful Menstruation, Bloating, Inflammations and Diseases of the Kidneys or Urinary Organs, Retention or Incontinence of Urine, Heartburn, Costiveness, Nervousness, Faintings, Palpitations, Cramps, Disturbed Sleep, and all troubles, organic or sympathetic, connected with the uterine organs.

The price of Marshall's Uterine Catholicon is $1,50 per single bottle.

On the receipt of six dollars, five bottles of MARSHALL'S UTERINE CATHOLICON or proper medicine for any case, shall be forwarded to any part of the country, free of express charges. Address
JOSHUA F. BRIDGE, M. D.,
Secretary Graefenberg Co., No. 32 Park Row, N. Y.

AYER'S
CHERRY PECTORAL!
FOR THE RAPID CURE OF
Coughs, Colds and Hoarseness.

BRIMFIELD, Mass., Dec. 20th, 1855.

Dr. J. C. AYER—I do not hesitate to say the best remedy I have ever found for Coughs, Hoarseness, Influenza, and the concomitant symptoms of a Cold, is your Cherry Pectoral. Its constant use in my practice and my family for the last ten years has shown it to possess superior virtues for the treatment of these complaints. EBEN KNIGHT, M. D.

A. B. MORTLEY, Esq., of Utica, N. Y., writes: "I have used your *Pectoral* myself and in my family ever since you invented it, and believe it the best medicine for its purpose ever put out. With a bad cold I should sooner pay twenty-five dollars for a bottle than do without it, or take any other remedy."

Croup, Whooping Cough, Influenza.

SPRINGFIELD, Miss., Feb. 7, 1856.

BROTHER AYER:—I will cheerfully certify your *Pectoral* is the best remedy we possess for the cure of whooping cough, croup, and the chest diseases of children. We of your fraternity in the South appreciate your skill, and commend your medicine to our people.
HIRAM CONKLIN, M. D.

AMOS LEE, Esq., Monterey, Ia., writes 3d Jan., 1856: "I had a tedious Influenza, which confined me in doors six weeks; took many medicines without relief; finally tried your *Pectoral* by the advice of our clergyman. The first dose relieved the soreness in my throat and lungs; less than one half the bottle made me completely well. Your medicines are the cheapest as well as the best we can buy, and we esteem you, Doctor, and your remedies, as the poor man's friend."

Asthma or Phthisic, and Bronchitis.

WEST MANCHESTER, PA., Feb. 4, 1856.

SIR:—Your *Cherry Pectoral* is performing marvellous cures in this section. It has relieved several from alarming symptoms of consumption, and is now curing a man who has labored under an affection of the lungs for the last forty years.
HENRY L. PARKS, Merchant.

We might add volumes of evidence, but the most convincing proof of the virtues of this remedy is found in its effects upon trial.

Consumption.

Probably no one remedy has ever been known which cured so many and such dangerous cases as this. Some no human aid can reach; but even to those the *Cherry Pectoral* affords relief and comfort.

Consumptives do not despair till you have tried AYER'S CHERRY PECTORAL. It is made by one of the best medical chemists in the world, and its cures all around us bespeak the high merits of its virtues.—*Philadelphia Ledger.*

SANFORD'S LIVER INVIGORATOR!

ONE OF THE BEST PURGATIVE and Liver Medicines now before the public, namely DR. SANFORD'S INVIGORATOR, or LIVER REMEDY that acts as a *Cathartic*, easier, milder and more effectual than any other medicine known. It is not only a Cathartic, but a Liver remedy, acting first on the Liver to eject the morbid matter, then on the stomach and bowels, to carry off the matter, thus accomplishing two purposes effectually, without any of the painful feelings experienced in the operations of most Cathartics. It strengthens the system at the same time that it purges it, and when taken in moderate doses will strengthen and build it up with unusual rapidity.

DR. SANFORD'S INVIGORATOR is compounded entirely from new articles of medicine, viz: Gums.

Some idea of the strength of these gums may be formed when it is known that one bottle of the Invigorator contains as much strength as one hundred doses of Calomel without any of its deleterious effects.

Though possessing rare medicinal powers, these Gums have been but little known to physicians, and never used in their prescriptions until used in the form of the *Invigorator*, which met with such unprecedented success as to induce the proprietor to offer it as a family medicine tried and known in its effects. It has rarely ever failed to cure Liver Complaints in their worst forms.

INDIGESTION being caused by a deranged Liver is cured when the Liver is excited to action.

JAUNDICE is caused by the improper action of the Liver, and as a proof that the Invigorator relieves this disease, let any one troubled with Jaundice take the Invigorator regularly one week, and their skin will begin to assume its original color.

COSTIVENESS can be permanently cured by the Invigorator. Take it in small doses on retiring and it assists nature in her operations. By gradually diminishing the dose, the bowels are left in a healthy and active state, and work as regularly as clock work.

SICK HEADACHE is very soon relieved by taking a double dose of the Invigorator, which corrects all acidity and sourness of the stomach.

For an overloaded stomach it has no equal, as it relieves all oppressive or uneasy feeling after eating heartily. For a *family medicine* generally, all who use it speak in the highest terms.

DR. SANFORD'S INVIGORATOR came to us recommended to us a cure for Liver Complaints, and all diseases arising from a diseased Liver. The testimonials of so many of our Physicians in its favor induced us to try it, and now conviction is certain that it is one of the greatest blessings ever given to Dyspeptics, for it made a complete cure before the first bottle was taken, and now we can eat anything edible without trouble, while before nothing but the lightest food would digest, and often that gave pain. Now what we want to say to all our readers is, if *Liver Complaint* or *Dyspepsia* trouble you, do not fail to try this greatest remedy in the world.—*State Fact.*

We take infinite pleasure in recommending this medicine as a preventative for FEVER and AGUE, CHILL FEVER, and all FEVERS of a BILIOUS TYPE. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

There has never been tried in our family a remedy which has met with such unbounded success in the cure of diseases incident to children, as DR. SANFORD'S INVIGORATOR; nor is it alone for diseases of children that we use it; for it acts as a Cathartic so mildly and gently, and seems to renovate the system so thoroughly, that we think we are doing a service to all in advising them, when they need medicine, to try this remedy. There are cases that have come under our notice where great benefit has been received in diseases of the Liver, Stomach and Bowels, where all other remedies failed to give relief. It has become so useful in our family that we will not be without it.—*Jacksonville, Ala. Republican.*

GRAIN CLEANER & SEPARATOR
HORTON'S PATENT.
G. B. BINGHAM & BRO.,
Sole Manufacturers in Wisconsin.

THIS MACHINE is of recent invention, and surpasses all others in use for its perfections as a thorough Separator and Scourer. It has given entire satisfaction in New York, Pennsylvania and other States where it has been introduced, and we are confident it is better adapted to the cleaning of Western grain than any other ever introduced into this State. It is fire proof, not liable to get out of repair, requires but little power to run it, and the scouring cylinder so constructed as to render it unnecessary to be renewed for years. We respectfully invite all Western Millers to give us a call, and examine our machine, at the Bay State Foundry, Florida st., Milwaukee, Wis.

THE GREATEST MEDICAL DISCOVERY OF THE AGE.

MR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures

EVERY KIND OF HUMOR,
FROM
The worst Scrofula down to a common Pimple.

He has tried it in over eleven hundred cases, and never failed except in two cases, both thunder humor. He has now in his possession over one hundred certificates of its value, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth

One to three bottles will cure the worst kind of pimple on the face.

Two or three bottles will clear the system of biles.

Two bottles are warranted to cure the worst canker in the mouth or stomach.

Three to five bottles are warranted to cure the worst kind of Erysipelas.

One to two bottles are warranted to cure all humor in the eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruptions of the skin.

Two or three bottles are warranted to cure the worst kind of kind of ringworm.

Two or three bottles are warranted to cure the most desperate case of rheumatism.

Three to four bottles are warranted to cure salt-rheum.

Five to eight bottles will cure the worst case of scrofula.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

ROXBURY, Mass.

DEAR MADAM:—The reputation of the Medical Discovery, in curing all kind of humors, is so well established, by the unanimous voice of all who have ever used it, that I need not say anything on the subject, as the most skilful physicians and the most careful Druggists in the country are unanimous in its praise.

In presenting the Medical Discovery to your notice, I do it with a full knowledge of its curative powers, in relieving all, and curing most of those diseases to which you are unfortunately so liable. That most excruciating disease to an affectionate mother

NURSING SORE MOUTH,

is cured as if by a miracle; your own temper is restored to its natural sweetness, and your babe from short and fretful naps to calm and sweet slumbers; and the Medical Discovery becomes a fountain of blessings to your husband and household.

In the more advanced stages of

CANKER

it extends to the stomach, ensuing

DYSPEPSIA,

which is nothing but canker on the stomach; then to the intestines and

KIDNEYS,

creating a sinking, gone feeling, and an indifference even to the cares of your family.

Your stomach is

RAW AND INFLAMED,

your food distresses you, and you can only take certain kinds, and even of that your system does not get half the nourishment it contains, as the acrimonious fluid of the canker eats it up; then your complexion loses its bloom and becomes sallow or greenish, and your best day is gone. For want of nourishment your system becomes loose and flabby, and the fibres of your body become relaxed. Then follow a train of diseases which the Medical Discovery is peculiarly adapted to

CURE;

Palpitation of the heart, pain in the side, weakness of the spine and small of the back, pain of the hip-joint when you retire, irregularity of the bowels, and also, that most excruciating of diseases the

PILES.

How many thousands of poor women are suffering from this disease and pining away a miserable life, and their next door neighbor does not know the cause. I wish to impress on your mind that good old proverb, "An ounce of prevention is better than a pound of cure." In the

MEDICAL DISCOVERY

you have both the preventative and the cure, with this great and good quality, that it will never, under any circumstances, do you an injury. Yours truly,

DONALD KENNEDY.

AT THE MILWAUKEE Venerian Hospital, established for the cure of Syphilis, Seminal Weakness, and the infirmities of youth and maturity, by Dr. Barnes.

Dr. BARNES takes pleasure in announcing to the citizens of Milwaukee and other places, that his office is at No. 12 Wisconsin Street.

READ AND REFLECT.—The afflicted would do well to reflect before trusting their health, happiness, and in many cases, their lives, in the hands of physicians ignorant of this class of maladies. It is certainly impossible for one man to understand all the ills the human family are subject to.

YEARS OF PRACTICE, exclusively devoted to the treatment and study of Syphilis, Gonorrhoea, Gleet, Strictures, effect of solitary habits, ulcers upon the body, throat, nose or legs, pain in the head or bones, and all Mercurial Affections, and all impurities of the Blood, whereby the constitution has become enfeebled, enables the Doctor to offer relief to all who may place themselves under his care.

Dr. B. makes no charge for short consultations.—Those requiring much advice should enclose a small fee sufficient to compensate for the time required to write the answer.
